This **C. Sharps Arms Custom 1874 Sharps** with double set triggers features a presentation grade of walnut with pistol grip, smooth scalloped bottom with ebony inlay, full pattern hand checkering, forend ebony nose cap. The barrel is a 34" No. 1 heavy part-octagon with a Hartford collar at receiver, fitted with a C. Sharps windgauge front globe sight w/spirit level and interchangeable apertures. The tang sight is a C. Sharps Deluxe Long Range with vernier scale and windage adjustment on the staff. (Sights manu-

factured by C. Sharps Arms) Finish: The action group and buttplate w/ Grade IV engraving are carbonized and then stripped to French grey. The wood is a full fill satin finish. The barrel and sights are hand polished to a high luster and then brought back to satin finish. Rifle weight as described is approximately 12.5 lbs.

Net rifle cost as described \$7,950.00*

The above **Custom Grade 1874 Sporting & Target Rifle** is a premier deluxe variation for the distinguished shooter and collector who understands & appreciates the highest tradition in custom classic firearms. **C. Sharps Arms** exceeds all others in quality, not only in materials, but excellence in manufacturing and craftsmanship in detail, fit, and finish. **Our actions and internal parts** are machined from solid hot-rolled 8620 steel of the highest degree of standard manufactured in the U. S. A.

Our barrels are the best quality with cut rifling and hand-lapped 4150 special alloy chrome moly steel produced by Badger Barrel Co.

Our American & English walnut are select quality, air dried four years or longer, as we have found kiln dried walnut is much more brittle, and chips and cracks much too easily.

Walnut of this quality is more difficult & expensive to acquire, but we are quite fortunate to have established an excellent source of the highest quality walnut grown in the U. S. A.

The above H.I.R.S.&T. rifle may be custom made in many variations with shorter or heavier barrels and different sight combinations to suit the individual.

BARRELS: 28" to 34" full octagon are available, as well as part octagon, standard weight, and heavy weight octagon to produce overall rifle weight to 18 lbs.

ENGRAVING: GRADE IV as shown is available with most other game animals on right panel and owner's initials on left panel or lever also available. Gold inlay work available @ additional cost.

WOOD: Presentation American walnut is standard. English walnut and exhibition American walnut is also available @ additional cost.

BUTTSTOCK: Standard as shown with a length of pull at approximately 14", shorter or longer length is also available @ additional cost.

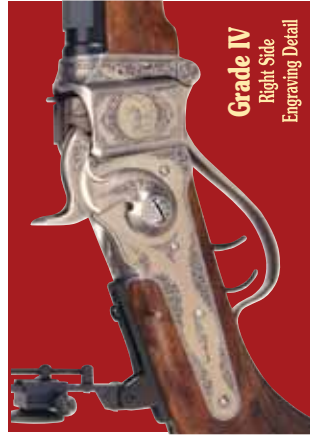

FOREND: Variations are available with silver nose cap as well as accent panels at receiver @ additional cost.

*Note: Federal Excise Tax, State and Local Taxes and Shipping not included in above prices.

The Presentation Cased Rifles, with reserved serial numbers 77-001 to 77-025 are Custom and individually built one at a time by master craftsmen and artists. They are in long-range calibers 44 & 45, with cases of 70 to 100 gr. (2 1/10" to 2 6/10"). Barrels, 32" or 34", are cut-rifled & hand lapped tapered round with the traditional Rigby flat, machined as an integral part of the barrel, finished to a high grade satin finish, engraved & accented with gold inlay & wire, and fitted with the windguage globe w/ apertures & spirit level.

Receivers are machined from hot-rolled 8620 steel and are thoroughly inspected and heat-treated. After carborizing, they are stepped back to a French Grey to accent the engraving. Note: our Presentation Engraved & inlaid with gold wire, as shown; initials or monograms may be added. The model 1877 is fitted with the traditional single trigger and long-range vernier tang sight.

Our walnut stocks are Presentation grade black and English (also called French) walnut, air-dried, with a full fill satin finish. The Presentation case of the finest quality oak and leather is, in itself, a classic, fitted to each rifle; also included are 2 custom turnscrews, one cleaning rod, one dust mop & oil bottle. The brass fittings include 2 engraved brass plates for personalizing with initials or monogram, as well as serial number.
